APPLICATION FOR ADDITION OR IMPROVEMENT FINANCING

NPRHA has developed an additions and improvement financing program to allow homebuyers in our Mutual Help Program to finance additions or upgrades to their homes. This program will be able to provide reduced interest rates and direct grant funding for all low-income homebuyers. Homebuyers who are not low income can still utilize the program to obtain reasonable financing that they would not otherwise be able to since the homes are in a lease purchase program. This initial application is designed to gauge interest in the program and gather basic information to see what you may be eligible for. Please answer the following questions the best that you are able to.
